**GEOGRAPHY &  
WEATHER**

The Maldives is an equatorial island nation in the Indian Ocean. Only 298 square kilometres of the country's total area of 90,000 square kilometres is made up of dry land.

The Maldives is breathtaking not just above the ocean. About five percent of the world's reefs, which are formed by both soft and hard corals, are found in the Maldives. These reefs are known for their vibrant displays of colour. One thousand different types of fish reside on the reefs. Large pelagic fish like manta rays and whale sharks are also drawn to the Maldives by the abundance of nutrients carried in by the ocean currents.

The Maldives enjoys warm and sunny weather around the year. The monsoon season surprises you with gentle rain showers from May to October, but you can expect temperatures between a balmy 26 and 32 degrees celsius year round. Maldivian seas are warm and clear throughout the year too!

**GETTING IN AND  
AROUND**

The Maldives is well connected with the rest of the world. Several flights from Europe, the Middle East, South Asia and South East Asia operate to Velana International Airport, the main gateway to the Maldives. The Maldives also provides a 30 day free on-arrival visa for all travellers (from any country) with a booking at a registered Maldivian tourist establishment.

By the time you arrive in the Maldives, the tourist facility you had chosen for your stay would have already arranged someone to welcome you at the airport and accompany you on the final leg of the journey. You've got two options: an enthralling speedboat ride where you can fully enjoy the salty tang of the cool Maldivian

breeze, or a seaplane journey above the Maldivian seas, the best viewpoint to witness the garland that is the Maldivian archipelago, scattered like jewels across the vast Indian ocean. In addition to these two options, you could also take a flight to any of the 14 domestic airports we have scattered throughout the country, and then take a speedboat ride to your destination from there.

# OUR PRODUCTS

## RESORTS

A holistic vacation is one which caters to all trends and segments of tourism. Maldives is renowned as a destination with over a hundred resorts able to cater to all types of clientele. But one thing common about all resorts in the Maldives, unique to us: the one-island-one-resort concept.

### *One Island, One Resort*

Each individual resort is on its own uninhabited island. This means every resort in the Maldives, regardless of which one you prefer, is secluded from the rest of the islands, the cities, and the local community. Maldivian resorts provide the utmost privacy and seclusion for honeymooners, solo getaways or even families looking for bonding time in a completely safe space away from the hustle and bustle of crowds.

We have resorts ranging from super luxurious to budget-friendly, and holidays tailored to suit individual needs, wants, and vacation dreams.

### *Distant, but not disconnected*

Regardless of how distant you may be from the local community, you will never feel disconnected from the everyday necessities and luxuries, as our resorts will happily cater to your every need.

That's the promise of Maldivian hospitality.

Our most popular villas are the Overwater Villas placed on stilts right above the lagoon, replete with exclusive swimming pools and private access to the turquoise waters. There are several other options available too, from single rooms to beach villas, and multi-story mansions complete with personalised butler service.

We offer world-class restaurants with gourmet cuisine from the Maldives and around the world; spa and wellness packages to take away the stress from every fibre of your being; water sports centres full of exciting adventures like diving, surfing, wakeboarding; and many more. And when it's time to go back, we have souvenir shops filled to the brim with intricate and beautiful pieces to take back home to remember your holiday forever. Our multitudes of fun, relaxing and exhilarating activities that you can pick and choose from are endless.

## HOTELS

Hotels in the Maldives are a perfect meld of luxury, convenience and comfort. Our hotels are all located in and near major cities, with close and easy access to international airports, business hubs, and professional service centres. At the same time, our hotels are also within close proximity to leisure activities, and are usually just a few steps away from a delightful sun-kissed beach.

### *Convenience and Comfort*

Hotels are curated to provide the utmost convenience and comfort to business travellers. You will find all the amenities required for a business trip, like easy access to necessities like WiFi, commodious accommodations, and jaw-dropping skylscapes of palm trees, beaches and turquoise waters. For solo business travellers, sitting on a balcony overlooking the horizon can be a tremendously inspirational setting, and you will find your professional acumen is at a new level when surrounded by the comfort and luxury that we have to offer.

### *Seamlessly merging business and leisure*

For business travellers who are travelling in groups, or looking for a unique location to conduct MICE activities, the Maldives might just be the dream that you never thought was possible. Seamlessly merging business and leisure is a Maldives' speciality. Our idea to 'redefine' the typical business meeting environment was born out of the fact that MICE events are often thought to be sombre and serious, which does not match with the Maldives brand or vibe. While we do have numerous meeting halls, convention centres and conference rooms, the Maldives' way to do things would be to have those meetings right on the beach.

We like to say that if you are attending a zoom meeting and you could do it from anywhere, why not the Maldives? Why not have the meeting while sitting on the beach outside your hotel, while the staff brings you ice-cold coffees, delightful snacks, and whatever else you need to make the most productive use of your time?

Hotels are also great at curating your stay to your personal preference for that seamless merge that we are always talking about in the Maldives. You can choose to hold your board meeting on a beach in the morning, and then take an excursion to a private sandbank for some fun in the sun, before returning to your hotel for a business function. You can also plan great team-building activities such as visiting nearby local islands, exploring cultural sights, or learning a bit about the Maldives through guided tours of the capital city or whichever city the hotel is located in. The choices are only limited by your imagination.

## LIVEABOARDS

What's better than taking a cruise through the islands of the Maldives, stopping at interesting islands, picnicking on sandbanks, fishing and diving whenever you please? By making that a private cruise!

*Vacation luxuriously... on the move*

If the vacation of your dreams is to be pampered with luxury with a bit of adventure on the side, this is the perfect option for you. And the best thing? Liveaboards provide you with the ultimate privacy. Smaller liveaboards will only accommodate one group/couple at a time while larger ones limit the number of people who can stay onboard as well.

*Truly the best of both worlds*

Liveaboard vacations are the best way to explore the thousand isles of the Maldives. Each liveaboard comes complete with a private chef, dining, and entertainment options, especially when it comes to water sports. If you want to truly experience the Maldives, not just one island but any and all islands that catch your eye, then this is the dream vacation for you.

It's perfect for divers and dive enthusiasts who want to explore the endless depths of the ocean with rich marine life during a snorkelling or diving session. Additionally, it allows you to cruise across the Maldivian seas to different islands and atolls, all the while taking in the seascapes consisting of all hues of imaginable blues.

*Tailored to your individual needs*

Liveaboards also offer you the option of creating your own itinerary or choosing one of the many tailored packages which are carefully curated to ensure you make the most of your stay onboard a liveaboard.

Maldives liveaboards are also popular with MICE travellers. Business negotiations go so much better on the deck of a private cruise, while simultaneously fishing and enjoying ice-cold cocktails. And what place can possibly offer more peace, privacy, and seclusion for those ever-so-important meetings with the most important clients, than the middle of the Maldivian seas, with the dark blues of the ocean blending in with the hues of the horizon as far as the eye can see.

## GUESTHOUSES

Located in inhabited islands, surrounded by the same gorgeous views as the rest of the Maldives, but with the added benefit of rich local culture all around you, guesthouses and homestays in the Maldives are the perfect opportunity to explore local islands, discover, and enjoy Maldivian cuisine, culture, and life.

*Live like a local*

When you stay in one of our many guesthouses or homestay options in the Maldives, you get to really live with the locals and enjoy the Maldivian way of life. The hospitality is as good as any luxury resort, the people are helpful, friendly and eager to help you have the vacation of your dreams. These are small communities each with its own distinctive characteristics, some with exclusive dialects, food, culture, and traditions just waiting to be explored.

Our Guesthouses and homestay options also range from luxurious to budget-friendly, and holidays can be easily tailored to suit every need.

*Your own pace for the slowlife*

Guesthouse and homestay in the Maldives is a brand new kind of experience, even for repeat visitors to the Maldives. These stays give you the same vistas as any resort, the same oceans with abundant marine life, but with the added option of travelling freely with the locals of the island or to other nearby islands. It's truly a freeing experience to be able to throw a few things in a backpack, get on a boat, and take a trip to a neighbouring island for lunch, just because you feel like it. The independence and freedom to move at your own pace is a truly exciting experience when it comes to a holiday in the Maldives.

The options are unlimited as we have so many guesthouses to choose from in all 26 atolls. You can customise your itinerary, choose from excursion packages, or curate your own - the choice really is all up to you.

Upon arrival in the Maldives, board a plane to your chosen location. The journey is what matters, and this one will probably be the most beautiful.

## GREATER MALÉ – A MODERN TOUCH TO YOUR ISLAND VACATION

Greater Malé is the central hub for domestic transportation within the Maldives, so it's the perfect area to be if you want to take some time to think about where you feel like going today. If you're staying at a hotel or guesthouse in the greater Malé area, take the time to explore the local lifestyle of urban Maldives. Malé is home to some of the most intricate and beautifully crafted mosques in the world. Aspiring historians can step back in time at the National Museum in Malé city and walk through centuries of an ancient seafaring civilization. It is definitely a side of the Maldives that few travellers explore. Afterwards, relax in the humble Sultan Park – a small green oasis with winding alleyways perfect for a quick break.

### Malé City

Malé City has many cultural sights, a museum, two artificial beaches (Artificial Beach and Rasfannu Beach), parks including Sultan Park and Lonuziyaarai Park, many restaurants, fish markets, souvenir shops (towards the end of Chaandhanee Magu) that you can wander around and buy some traditional Maldivian gifts to take back home. Our Republic Square and Presidential Palace

are also worth visiting if you are taking a tour of the capital. One of the best things about the city is perhaps its small size – there are cafés, restaurants or shops almost on every block.

If you are into cultural or religious monuments, the capital city is also home to some of the most stunning mosques in the nation, with rich history and cultural significance. Step back in time at the 400-year old Hukuru Miskiy, Grand Friday Mosque or the newer King Salman Mosque.

Other places around the capital that are worth visiting include Varunulaa Raalhugandu Area, a hotspot for surfers. This spot is especially coveted as it has a viewing platform nearby from where you can simply sit and watch pro and amateur surfers ride the waves to their heart's content. And if you fancy it, why not join them?

### Hulhumalé

Hulhumalé is also a ward of the capital city but is not a natural island. This artificial island was developed in the year 2000 to help ease congestion in the capital. Compared to the Malé and Villimalé, Hulhumalé is much larger, with wider roads, many cafés, guesthouses, shops, watersports centres and other attractions. This modern metropolitan island is connected to the capital and airport island via the one and only cross-sea bridge in the country.

To get there, you can either take a bus from the Maafannu MTCC Bus Terminal, or any of the many bus stops littered around the cities, or get a taxi (we don't have uber here, but other local apps are available). Tickets for the bus would cost you approximately 0.65\$ (10 MVR) while hiring a taxi costs between US\$ 4.89 – US\$ 6.51 (MVR 75-100).

And once you get there, there are plenty of things to enjoy. Hulhumalé has a huge park (Hulhumalé Central Park), Centro Mall, Skate Park, volleyball courts and long stretches of multiple beaches, with water sports equipment available for rent from diving and watersports centres scattered across different areas on the beach road. There are plenty of hotels and guesthouses on the waterfront offering day rooms or overnight stays, and will be more than happy to accommodate any requests you may have.

### Villimalé

Villimalé (previously known as Villingili) Island, is also a ward of the capital. Fun fact about Villimalé; this small residential island does not allow fossil-fuel vehicles: only battery or solar-powered vehicles can be used here. The only way to reach this island is via a designated ferry, which leaves from the capital from Villimalé Ferry Terminal. It's a short 10-minute ride and the ferries usually operate every 10-20 minutes. The tickets for a one-way trip to the island cost around US\$ 0.65 (MVR 10.00). For your trip back, get a ticket for the same price from the terminal in Villimalé.

As for things to do in Villimalé, it's the perfect balance between city and island life. Villimalé has way more greenery than Malé City, and two beach points; the Lovers Beach area with deeper waters and water sports centres; and the Villimalé Public Beach area with shallow waters and a stunning view of the capital. There is also a BBQ point and shops nearby offering everything you would need to light a fire and cook some meat or freshly caught fish. Villimalé has a few guesthouses, along with cafés and restaurants which offer a variety of food and drinks too.

## GASTRONOMY

Due to its geographical setting, the Maldives was an essential port of call for travellers and traders from all over the globe. They brought with them their cultures and their flavours and, over centuries, the country's cuisine was shaped. While the Maldives takes pride in its unique traditional fare, many of the dishes are influenced and fused with the flavours and techniques from around the shores of the Indian Ocean. Much of the cuisine of the Maldives offers a familiarity with many of the dishes from countries in East Asia, East Africa and Arabia and many offer a feel of the rich spicy tastes of India and Sri Lanka. Fresh, smoked and dried tuna, grated coconut and coconut milk form the main ingredient of most of the traditional Maldivian dishes. Traditional local fare is available in many of the restaurants in Malé and the inhabited islands. Resorts offer a range of local and international cuisine in their buffets and an abundant choice of fine international cuisine at their speciality restaurants.

The Maldives provides a variety of culinary delights that would appeal to every visitor, whether they are looking for a once-in-a-lifetime dining experience at an underwater restaurant, a romantic moonlight supper for two, or a fun beach barbecue.

## HISTORY & CULTURE

Scholars and historians believe that the Maldives is an old country, having been populated well over 2,500 years ago, despite the fact that virtually little is known about the country's ancient history. The Indian subcontinent's multiple waves of colonisation and the thousands of years of interactions between people of various races and ethnicities that crisscrossed the Indian Ocean over several centuries are what led to the development of the Maldivian race. Due to its geographic location, the nation was a melting pot of people and cultures, as seen by its culture and traditions as well as the different physical characteristics of its people.

Although home to just over half a million people the Maldives has its own unique culture and traditions. While heavily influenced by various cultures around the rim of the Indian Ocean, the Maldivian culture, craft and traditions have been shaped by the island environment and the seas that surround us.

The Dhivehi language of the Maldives is an Indo-Aryan tongue with its roots in Sanskrit. Dhivehi is the language of the Maldivian people. Our current script, Thaana, is unique and was developed from Arabic numerals around the 16th century.

## ARTS & CRAFTS

Maldivian arts and crafts have been heavily influenced by the country's environment. Coral carvings and calligraphy that adorn mosques hundreds of years ago, bear witness to the deft skills of Maldivian craftsmen. The intricate designs on mats woven by Maldivian women and the elegant patterns hand carved on Maldivian lacquered pieces demonstrate their creativity. These skills have been passed on through generations and are still practised with hardly any changes to the way they were centuries ago. The traditional Maldivian dhoni is a piece of art in itself. Its elegant shape and design emerge as planks of coconut wood are bound together under the watchful eyes of the craftsman, the master boatbuilder. Although today dhonis are built using imported timber and modern tools, the craft still retains its basic traditional design.

## A CULTURE OF HOSPITALITY

Scattered like pearls across the deep blue Indian ocean, the islands of Maldives are irresistible in every way. The Maldives is home to sandy white beaches, glistening waters, and a dizzying variety of marine life. Throughout the past 50 years, the natural beauty of the Maldives has positioned the destination as a dream for travellers across the world. However, beyond the breathtaking beauty, is another special element that makes Maldives a destination unlike any other. That is the unyielding Maldivian hospitality. A gem in its own right.

The secret of Maldives' success in tourism lies in the communal spirit and hospitable nature of our community. Our geography is scattered, and we are surrounded by the majestic power of the ocean in every direction. For a long time, the Maldivian people understood that our survival on these miniscule islands in the vast ocean can only continue with a powerful community and through exceptional hospitality to all visitors to its shores.

Today, Maldivian hospitality knows no limits. Travellers arriving in the Maldives are greeted with smiles at the airport. You may step foot on the resort with boduberu playing in the background, welcome drinks ready. Our warmth and friendliness is inherent in our culture, it is a central identity of who we are. Regardless of whether you stay in a resort, guesthouse, liveaboard, or hotel, you will have an experience of the unyielding Maldivian hospitality.

ENVIRONMENT & SUSTAINABILITY

We in the Maldives are continuously exploring the ideas encompassing the three dimensions of sustainability; the environment, society, and the economy; and what we are doing to play our part.

While tourism may be the major driver of our economy, the Maldives’ lifeline is still defined as fishing. Fishing in the Maldives had always been, and remains, a major source of income for many families and island communities. The Maldives is a world leader in pole-and-line tuna fishing; the act of fishing in the Maldives is strictly restricted to one-by-one fishing as the most sustainable and environmentally sound method. Fisherfolk in the Maldives often work as families, with designated members at home to clean, smoke, and cook the catch in preparation for sale or consumption. Organic, fresh, and clearly ethically-sourced, Maldivian tuna and tuna products are famous world over for

the best reasons.

Similarly, the tourism sector of the Maldives has fully embraced sustainability. In the Maldives, luxury one-island-one-resorts, boutique hotels, chic island guesthouses, and even liveaboards have all taken up the mantle to embrace sustainable tourism. Be it through coral conservation programmes, erosion prevention, or simply raising awareness among visitors, we are proud that all our tourist facilities and institutions have joined together and answered the call. A global leader in advocating against the adverse effects of the climate crisis, the Maldives has been vocal in climate crisis activism in the international arena. The Maldivian government has pledged to protect at least one reef, one mangrove and one uninhabited island from each atoll. Taking steps to spearhead action for the safety of Small

Island Developing States (SIDS) and other vulnerable groups, the Maldives tourism sector is playing its part too, to conserve the environment and the Maldivian way of life.

Many resorts and other tourist establishments in the Maldives have also created visitor-oriented conservation activities educating visitors on coral rejuvenation, such as snorkelling trails and coral planting.

MICE

This could be your next meeting; couches set beneath palm trees with your toes in the sand. The Maldives is unparalleled in offering that quintessential ‘aid-back’ atmosphere for thought provoking and stimulating discussions.

Starting with the welcome cocktail on an expansive deck of a liveaboard, the plenary with mesmerising lagoon views and smaller breakout sessions under the shade of the palm trees, a gala dinner under a starlit sky, team building on a sandbank with discussions at the margins in cosy corners of the island, you can design your conference with settings of your choice. Be it a setting with a degree of formality, a large casual gathering or a small gathering, what defines the Maldives will always remain a part of your setting.

As a destination, Maldives offers meet and greet services, immigration and customs clearance, and group or individual transfers from the airport to your chosen meeting venue by sea or air for all meetings and conferences. Include unique, once-in-a-lifetime activities and experiences into your meeting itinerary; snorkelling with mantas, a day out on an inhabited island, experiencing local culture and cuisine. There is no place on earth where you can merge your business with leisure more seamlessly than in the Maldives. Do you want participants to feel refreshed and ready for the day? Integrate yoga, aerobics on the backdrop of a tranquil sunrise as part of your itinerary.

A change in the meeting schedule? An additional session in the afternoon? Yes, it will all be met. To meet your needs during your meeting or conference, resorts and guesthouses offer any level of dedicated services you desire; meeting coordinators, personal butlers, and hosts at your service, to make sure your meeting, and the needs of the participants are coordinated and executed effectively and efficiently.

LOCAL ISLAND TOURISM & HOMESTAYS

With literally hundreds of islands, it might seem overwhelming to decide on where to go. We’ll let you in on a little secret – there’s no such thing as the perfect island. There is only the ‘perfect island for you’, depending on your unique craving in the Maldives. Does the sea call to you? Is it surfing? Or do you want to spend an entire day on the beach? Just have a conversation with your travel agent or do a little bit of research about which island seems the best for you.

Make sure you have booked a guesthouse before you reach your local island, this is very important as accommodation may not be available for on arrival bookings. It will also make you very happy to know that the boutique guesthouses in the Maldives offer the same world-renowned hospitality that the luxury resorts are popular for, as well as having equally gorgeous powder-soft beaches and blue skies stretching as far as the eye can see.

Staying at a local island guesthouse lets you experience the day-to-day lifestyle of the Maldivians while enjoying the world-famous sun, sand, and sea. You can ask your guesthouse or a watersports stand to arrange snorkelling, diving, and other watersports activities. If you’re feeling adventurous, you can also request an exciting excursion. Each island has its own surprises, such as shipwreck points, shark points, manta points etc.

For an even more authentic experience, we have recently introduced homestay tourism in the Maldives. Staying at a local home is the absolute best way to experience authentic Maldivian culture. Bear in mind that Airbnb, hostels, and couchsurfing are not as common in the Maldives as some other destinations.

# SURFING & DIVING

## DIVING

Hundreds of dive sites are scattered across the 1,192 isles of Maldives. The dive facilities situated in resorts, guesthouse islands, hotels, and liveaboards are all equipped with modern diving gear, equipment, and professional divemasters and certified instructors to make your diving dreams come true.

### *Diving for All*

The Maldives offers crystal clear and shallow dives for beginners looking for a taste of what diving is all about. Complete beginners can go on a discovery dive to begin their diving journey, accompanied by seasoned, trained and professional dive instructors. Safety is always a priority for us as we help you explore the beauty of the Maldives underwater. Remember, you don't need to dive deep to explore the beauty that lies beneath.

Geometric coral reefs and multicoloured marine life can be just a few metres below. Once you have a few dives under your belt and have completed a course such as an Open Water certificate, you can dive a bit deeper and begin to explore the many underwater environments of the Maldivian isles.

Experienced divers can even go on exciting wreck dives and night dives.

### *Favourite Dive Spots*

It is impossible to pinpoint the best dive spots. The dive sites in Maldives are abundant and scattered across the atolls. Ari Atoll, Baa Atoll, Vaavu Atoll, Kaafu Atoll, Fuvahmulah and Addu boast some of the most popular dive spots. Some of the notable dive spots include Banana Reef, Maaya Thila, Nassimo Thila, Kandooma Thila, Rainbow Reef, Cocoa Thila, Alimatha Jetty, Manta Point, Kuda Giri Wreck and Victory Wreck. However, there are dozens of phenomenal lesser-known spots across the entire archipelago.

Ask your accommodation for recommendations on which dive spots are accessible both in location and in comfort based on your capabilities. If you want to visit as many dive spots as possible, stay on a liveaboard and voyage across the Maldives.

## SURFING

Maldives is well established in the surfing circuit. The Maldives is located right in the middle of the Indian Ocean and benefits from full exposure to southern swells and to excellent surfing conditions on the outer reefs of atolls. With an average water temperature of around 28-degree Celsius, surfing conditions are good throughout the surfing season from mid-February to November, however you can experience the best conditions from March to May and September to the end of November.

### *Favourite Surf Points*

North Malé Atoll was the first to be discovered for its waves and hence it is the most popular with surfers and the most accessible as well due to the large number of resorts and its close proximity to the international airport. The consistent waves at various surf points in the atoll offer some of the longest rides in the country. Some famous surf locations in the atoll include Cokes at Thulusdhoo, Lhohis, at Lhohifushi island, Jailbreaks, Honky's, Malé Island Point, Sultans and Ninjas, all along the eastern rim of the atoll.

For many surfers, Huvadhoo Atoll, in the southern group of the atoll chain offers the coolest waves in the Maldives, most of them located on the southern rim of the atoll. Beacons, Tiger Stripes, Castaways, Blue Bowls, Airports, Five Islands, Two Ways, Love Charms and Antiques are some of the well-known surf points in the atoll.

## EVEN MORE WATER SPORTS

With crystal clear waters, expansive reefs and shallow lagoons around the islands, the Maldives is ideal for a vast variety of water sports for beginners and pros. A host of fun water sports activities are on offer wherever you are in the Maldives. You don't have to be an expert to enjoy the waters, there's something for everyone.

Fun in the sun with a splash; take on banana boat riding for the thrill with friends and family. If you are seeking a more relaxed ride, paddling around the island in a canoe on a lazy afternoon is probably the ideal choice.

Find peace windsurfing across the lagoon, feel the wind in your hair and spray on your face as you skim across the waves. Resort watersports centres offer a variety of boards for beginners and advanced windsurfers. Learn to sail with the professionals, many watersports centres offer courses in windsurfing and sailing.

Wakeboarding and kite surfing offer a greater adrenaline rush as you cut through the water, trying out various manoeuvres and turns over the shimmering waters of

the lagoon. For the seriously adventurous there's jet skiing and for the daring there's flyboarding, a thrill-seeker's dream.

Parasailing offers a calmer, smoother ride, yet offers the thrill of being suspended in the air, gliding gently over the islands and the reefs, giving you a unique bird's eye view and a sense of calm and peace way above the goings on in the world.

Fishing may sound quite ordinary, but in the Maldives, it is more than just fishing. Night fishing and big game fishing are on offer in many of the resorts and guesthouse islands. And if you are serious about fishing try out a local fishing vessel to experience close up, the pole and line fishing that Maldives is so famous for.
